Step 1

Take a right out of the Whitechapel Centre on Langsdale Street and take the first left on to Salisbury Street. At the end of Salisbury Street turn right onto Carver Street where you will see blue signs for the 810 cycle route. Follow this sign to the left to use the toucan crossing over Islington. Across the road join Gildart Street. Take the second right on to Kempston Street and the first left on to Audley Street. At the end of the road dismount the bike to cross over London Road using the pedestrian crossing. Walk on the pavement up Moor Place as this road is one way.

Step 2

At the top of Moor Place join the footpath and follow it round to the right around 'The Bullring' building. Join the road at the end, Bronte Street which leads on to Dansie Street.

Step 3

At the end of Dansie Street turn right onto Great Newton Street and ride to the end of the road. Cross over Brownlow Hill to the footpath which runs alongside John Moores University opposite, slightly to the right. This is a quiet road but it is important to ensure that it is clear in both directions before heading across. Watch out for pedestrians crossing over the entrance to the footpath. Follow the footpath to Great Orford Street and ride to the end of the road where it meets Mount Pleasant.
